

### CHARLES TAKES REVENGE BEYOND ASSASSINATION AS COUP FALLS

**Troops Guard Former Emperor To Prevent Further Attempt Of Monarchists To Regain Throne**

[Republican A. P. Leased Wire]  
BUDAPEST, March 30.—Count Stefan Bethlen, emperor-elect to act for the safety of the state as the plenipotentiary of Regent Horthy, has been sent to Steinmanger, near the Austrian border, where former Emperor Charles has taken refuge after his attempt to regain the throne. The count, who was adviser to the former premier, Archduke Joseph, has a strong force of troops at his disposal. Premier Teleky and Count Julius Andrássy, former foreign minister and friend of Charles, accompanied the count to endeavor to persuade Charles to leave Hungary.

Charles is under military supervision. He has been deserted by his staunchest supporters and is not permitted to leave his room in Steinmanger castle. He informed the government today that he was preparing for removal immediately to a neutral country, probably Spain.

The Spanish representative told Regent Horthy today that Charles was under Spanish protection and that the Spanish government was offering its hospitality to him. Bishop Count Miklos, who with many representatives of the Hungarian aristocracy was at Steinmanger with the former emperor, has been arrested, charged with being the head of the movement to restore Charles to the throne. General Lehar, in command at Steinmanger, who was suspected of backing the former monarch with the west Hungarian army, asserted today he was loyally supporting Regent Horthy.

General Bellasi, the war minister, declared:

"The former king is not supported by the troops. The army is standing behind Regent Horthy. Charles is a prisoner."

Amid stormy scenes today a meeting was called by the Farmers' party, which adopted a resolution asserting that "Charles and all the Hapsburgs have definitely been dethroned. The farmers demand the execution of a dethronement act, and also that those guilty of aiding Charles be punished. Newspapers have not been permitted to publish news with the attempt of a coup, but it gradually is being learned by the populace."

France Opposed To Return Of Former Emperor Charles To The Throne

PARIS, March 30.—France is strongly opposed to a return of former Emperor Charles to the throne of Hungary. The French government, together with the other allied powers, has made it clear to Hungary that the allies will tolerate a movement looking to restoration of the Hapsburg dynasty.

Official dispatches to the foreign office from Budapest said that the only support the former monarch had was that of one general and two deputies, who had been arrested. French officials believe the attempt of the former emperor to have been a fiasco.

Charles Was Mailed

LONDON, March 30.—British official circles expressed the opinion today that former Emperor Charles in his attempt to regain the throne of Hungary was misled by monarchists. The advice of Regent Horthy to Charles to leave Hungary was regarded here as substantiating the view that there is no support for a monarchist coup in Hungary.

The recent refusal of it is said that while there are Hungarian elements who would welcome a restoration of the monarchy, the great majority of the people are convinced the Hapsburgs, and particularly Charles, cannot assume royal power.

It was believed here that Charles would make further attempt to return to Hungary. If he should try this course, the allies would do nothing aside from applying moral persuasion against his return to Hungary, it is said. Such allied action would not be intended as interference in the domestic affairs of Hungary, but as a protection to Europe in general against the possibility of being involved again in war, which competent authorities say would be inevitable on the return of the Hapsburgs to power.

### Mail Pilot Flies At Speed Of 2.46 Miles Per Minute

[Republican A. P. Leased Wire]  
CHEYENNE, Wyo., March 30.—Flying at a rate of nearly two and one-half miles a minute, Pilot Harry G. Smith of the aerial mail service today is believed to have established a record for speed between Rock Springs, Wyo., and Cheyenne, according to information given out at the local aviation station.

Smith covered the distance of 231 miles in four and 34 minutes of actual flying time. His average was 2.46 miles a minute.

While Smith was breaking the record between Rock Springs and Cheyenne, Pilot Frank Page was traveling at something better than two miles a minute between Cheyenne and North Platte, 300 miles, made the distance of 210 miles in one hour and 40 minutes, Cheyenne aviation officers said.

Pilot Smith's new record nearly duplicated his feat of a month ago, when he flew from Cheyenne to Omaha, 458 miles by air line, in three hours and five minutes, an average of 2.5 miles a minute and said by local aviation officers to be the fastest time made on this division.

### 202 RAILROADS REPORT DEFICIT OF \$1,167,800 FOR JANUARY

**Tabulation Of Railroad Reports Show 109 Roads Failed To Earn Operating Expenses In Month**

[Republican A. P. Leased Wire]  
WASHINGTON, March 30.—A deficit for January of \$1,167,800 was shown for 202 railroads in reports submitted to the interstate commerce commission, the association of railway executives announced tonight.

Tabulation of the reports furnished them, the association added, showing that 109 of the railroads failed to earn expenses and taxes. Of these, it is said, 45 were in the Eastern, 16 in the Southern and 48 in the Western districts. This compares, it was added, with 88 who failed to earn expenses and taxes in December.

Operating revenues for January, according to the announcement, were \$468,834,000, an increase of 5.1-5 per cent over January, 1920, while the operating expenses were \$447,242,000, an increase of 6.3-5 per cent over last January. The net operating income, which was not given, represented a decrease of 120.6 per cent as compared with January, 1920.

Freight revenues were \$323,586,000, an increase of 4.1-5 per cent and passenger revenues were \$105,247,000, an increase of 14.3-5 per cent. Last August, it was explained, freight rates were increased 23.1-5 per cent and passenger fares 20 per cent. The carriers, however, showed a decrease in the bulk of freight carried of 14.7 per cent on the net ton miles and 6.7 per cent on the passenger miles as compared with January, 1920.

The roads failed by \$68,435,000, the announcement said, to earn the amount estimated under the increased rates fixed by the interstate commerce commission.

Roads of the western district, with a net operating income of but \$200 in January, the railway executives said, failed by 100 per cent to earn the amount estimated.

Their operating revenues were \$177,433,000, an increase of 1.9 per cent as compared with January, 1920, while operating expenses were \$187,633,000, an increase of 4.9 over those of the corresponding month a year ago.

Roads of the Eastern district failed by 118 per cent to receive the amounts estimated, the statement said. With only one small road missing the operating revenues were \$212,844,000, an increase of 11.3 per cent over the total operating revenues of \$200,380,000, an increase of 7.9 over January, 1920.

The net operating income showed a deficit of \$4,754,000, which was 5.7 per cent less than the same month last year, where there was also a deficit.

Southern roads failed by 75 per cent to make the profit estimated. The railway executives declared. The reports gave their operating revenues as \$78,557,000, an increase of 6.7 over January, 1920, while operating expenses were \$83,441,000, an increase of 7.8 per cent. The net operating income was \$3,616,000, a decrease of 8.3 compared with January, 1920.

### American Detectives Jailed For Attempt To Arrest Bergdoll

WEALTHY army deserter, snapped in Germany prior to the trial of Neuf and Zimmer, the two American detectives who tried to arrest him.

MOSBACH, Baden, March 30.—Neither Carl Neuf nor Franz Zimmer, American detectives sentenced to imprisonment for "illegal assumption of power" in attempting to arrest Grover C. Bergdoll, American draft evader, has asked for a retrial. The jail sentence became effective last night.

The German accomplices of the Americans, who also were found guilty, have filed no appeal.

### MOURNERS GAZE FOR LAST TIME ON REMAINS OF LATE CARDINAL

**Ninety Thousand Persons View Body on Last Day; Funeral Services Today Will Be Private**

[Republican A. P. Leased Wire]  
BALTIMORE, March 30.—The mighty and the lowly, united in sorrow, tonight trod softly past the bier of James Cardinal Gibbons, to gaze for the last time on the face of the prelate. For tomorrow is all pomp and ceremony and with the singing of a Gregorian chant the church will bury her dead. The apostolic delegate at Washington and fellow members in the college of cardinals, archbishops and bishops, archbishops and abbots secular clergy and clergy belonging to the orders, all will be massed in the cathedral of the assumption of the Blessed Virgin Mary for the final mass.

Diplomatic representatives of the Catholic countries of the world and officials of nations, state and city also will attend the services.

The public ceremony ended, the body later will be carried to the cathedral crypt, unopened since the burial of Archbishop Spalding in 1872. There the body will be laid to rest in the white marble tomb with the simplest of ceremonies and in the presence of only closest relatives and friends.

For three days the body of Cardinal Gibbons has rested in state under the great gold dome at right and left, which for so many years he ministered to mankind. Daily an army of mourners, 30,000 strong has filed in and out of the cathedral, and from morning until nearly midnight, a great double column, blocks long, sought entrance. In other parts of the city there was the same noise and bustle of an American community, but around the cathedral all was quiet. The shuffle of feet was almost the only sound as the mourners pressed slowly forward.

Tomorrow this silence will spread all over the city when in response to proclamations by governor and mayor all traffic and activity will be stopped for one minute when the mass begins at 10 o'clock.

Inside the cathedral the mourners found even deeper silence.

Entering by pairs they moved down the center aisle, dividing at the purple-covered bier, and passing out by side doors.

Dressed in his purple robes, his archbishop's mitre upon his head and a crucifix clasped in his gloved hands, the American prelate, Cardinal Gibbons, who by his own efforts rose to be a prince of the church.

Tonight the silence of the cathedral was broken by chanting of semi-chorists and diocesan clergy as the office of the dead was sung. Presiding was Bishop O. E. Corrigan, vicar general of the diocese, who earlier in the day had celebrated the mass for the laity.

The ceremony was attended by church dignitaries and lay delegates from all parts of the United States and Canada, who began arriving today for tomorrow's assemblage.

A most impressive demonstration of grief was given tonight when at 11 o'clock the doors of the cathedral were closed with a double line of mourners half a mile long, still seeking admittance.

Members of the guard of honor at the bier said that whereas on previous days the American contingent numbered about 30,000, today approximately 90,000 persons had viewed the body, making a total of 150,000 who had viewed the cathedral.

### Government Will Canvass Reserve Supplies Of Coal

[Republican A. P. Leased Wire]  
WASHINGTON, March 30.—To determine whether coal consumers are unwisely burning their reserve supplies, the geological survey sent out today a questionnaire and expert about stocks of coal April 1. The purpose, it was explained by Director Smith, is to find out how much coal is being stored by consumers and exporters, in order that consumers and producers may plan for next year.

Bituminous production in the third week in March was down to 6,465,000 tons, the lowest except during the 1919 coal strike, since the business depression of 1914. Director Smith said, the weekly average for 1920 was 10,700,000 tons.

The decrease was to be expected in part, Mr. Smith said, because of demand for coal in the coal fields, but said there were many in the coal trade who contended consumers were burning up their reserve supplies.

The geological survey hopes to complete the canvass within 30 days and to lay before the public specific information as to whether the present coal reserves are sufficient to meet the demand for coal at or above the safety line.

### RAIL SECURITIES HOLDERS INVITE TO CONFERENCE

**Committee Takes Steps To Hasten Settlement Of Difficulties Between Roads and Employes**

[Republican A. P. Leased Wire]  
NEW YORK, March 30.—In an effort to hasten a settlement of the labor difficulties between the railroads and their employes, the executive committee of the National Association of Owners of Railroad Securities, meeting today invited the heads of the "big four" railroad brotherhoods to attend a conference here April 4.

A special committee of 25 members was appointed and will endeavor to be helpful, a statement said, in assisting to relieve the immediate situation and later, generally helpful in such directions as may appear essential.

Reviewing railroad problems, the committee's statement declared that "the disproportionate relation between operating companies and revenue, and between railroad rates and fares and the revenue derived therefrom, if not relieved, result in consequences of serious concern, not alone to owners of railroad securities, but to shippers, to the workers on the railroads and to the country."

Asserting that the National Association of Owners of Railroad Securities represents in membership nearly twelve billion dollars of railroad securities, a large proportion of which are bonds, the statement added:

"Many millions of our citizens depend upon the stability of these investments, have no collective means to speak of other than through this association."

"An immediate and partial remedy seems to lie in an adjustment of relations between the railroads and their employes. The hearings before the railroad labor board at Chicago do not evidence an early settlement. In its present attitude, the committee stated that the railroads "are not producing net earnings, as a whole, sufficient to meet their fixed charges by millions of dollars."

"As one of its first duties, this committee," it added, "wishes to offer for its services in such direction as will, we hope, be of assistance to the emergency and with this in view we suggest that the committee be authorized to call a conference for the purpose of settling between you and the committee that has been appointed."

One weakness in the present situation, it was stated, was the lack of co-ordination between the two government bodies, the railroad labor board and the Interstate Commerce Commission. There should be co-ordination between the Interstate Commerce Commission, the railroad labor board and the federal government body sitting in Washington cannot be expected to successfully adjust rates and fares, and the railroad labor board cannot adjust wages while another, sitting in Chicago, attempts to adjust wages, the largest and most important of the railway operating expenditures which can only be met by rates the committee alone is required to establish.

"The railroad labor board cannot be familiar with the complicated rate structures the commission must create, which require intimate and expert knowledge of the numerous bodies of rates of different limits to which rates and fares must go and the proportionate distribution of the proceeds from them to the elements concerned in railway operation."

Among those who accepted service in the special committee is Charles E. Moore, San Francisco.

### STOCK MARKET AT FAILURE TO SHARE BURDENS RECONSTRUCTION

**RAILROADS' FAILURE TO SHARE BURDENS RECONSTRUCTION**

[Republican A. P. Leased Wire]  
ALBUQUERQUE, N. M., March 30.—That the railroads have not been willing to share in the burdens of the reconstruction period, which are working such hardships on other industries, was the statement made today by C. S. Rowe, of Fort Worth, Texas, in an address before the annual convention of the New Mexico Cattle and Horse Growers' association.

With 80 per cent of the cattlemen broke, he said, "and the railroad men still receiving high wages resulting from increase after increase, it is not surprising that the railroads are suffering."

This crisis which they fear, according to the news dispatches, has caused the cattlemen to raise their rates to an almost prohibitive degree."

H. Webster of Cimarron, N. M., viewing the trying times through which the cattlemen have passed during the last three or four years, including one winter when there was unprecedented droughts, which caused heavy losses among the herds, said: "He is not made of that kind of stuff and he is going to stay in the business."

The chamber of commerce tonight gave a dance at the Masonic Temple for the visiting livestock men and their wives.

### Reduce Shipping Board Operators In Economy Plan

[Republican A. P. Leased Wire]  
WASHINGTON, March 30.—Substantial reduction in the number of operators of shipping board tonnage on ocean trade routes will be made shortly, in the interest of economy, it was announced tonight.

Trade routes already established will be maintained, the chairman declared, but the number of operators will be reduced to shipping tonnage on ocean trade routes will be made shortly, in the interest of economy, it was announced tonight.

Overhead expenses, he said, the operating reduction in proportion to the operating reduction in the last few months, the overhead having been cut from \$26,000,000 to \$16,000,000.

Withdrawal of government tonnage from the coastwise trade is going on steadily, the chairman said, because of unprofitable conditions on that trade. Intercoastal services, he added, are the only ones showing profits.

### Forty-Eight Hour League To Oppose Demand Of Unions

[Republican A. P. Leased Wire]  
CINCINNATI, March 30.—One hundred and thirty delegates representing 5,024 book and job printers shops today organized the Forty-Eight Hour League of America, a national organization of employing printers, operating both closed and open shops.

Resolutions were passed pledging that all shops represented by the associations absolutely refuse to accede to any demand for a forty-eight hour strike, at any time, to operate their shops on the basis of a work week of not less than forty-eight hours.

The action of the so-called printing trades craft in demanding a forty-eight hour work week to be initiated May 1, was condemned in resolutions as being to a prohibitive point.

The elder Williams and his three youngest sons have refused to discuss the case since the father issued his first statement after arrest denying the charges, but Dr. Williams, the oldest son, called newspaper men in today and offered to answer questions.

He declared his father and brothers were innocent of the murders and also of the alleged attempt to incite race trouble.

"Are the persons charged against your father and brothers true?" he was asked.

"Well, if they are guilty of poisoning, I am sure they are innocent of the murders and also of the alleged attempt to incite race trouble. It is true they have killed negroes and given them clothes to wear."

### Demobilization Threatens Rule Of Communists

**Raw For Tomlinson 128 Oysters Just An Appetizer**

MOBILE, Ala., March 30.—John Tomlinson, a former member of the paper, "Ha, ha, ha!" laughed he. The paper said that John H. Duncan of Waynesboro, Miss., had eaten 128 oysters at a restaurant. John says he's something of an oyster eater himself. He challenged John.

"I wouldn't think of stopping before 500," said Jerome.

Thereupon John failed to answer the challenge.

### ALLEGED NEGRO MURDERER WILL BE PLEDGED ON TRIAL TUESDAY

[Republican A. P. Leased Wire]  
COVINGTON, Ga., March 30.—Federal agents raided the farm in Jasper county today of John S. Williams, charged with having caused the murder of 11 negroes, and arrested several negro farm hands whom they declared as witnesses in the investigation of alleged peonage on the farm.

Williams, it was announced today by Judge J. B. Hutchison of the Newton county superior court, will be placed on trial here Tuesday on one of the murder charges.

Governor Dorey has suggested that Williams be tried on each of the murder charges separately.

There are three murder charges against Williams, who, according to Clyde Manning, his negro farm boss, brought three negroes into this county and had them drowned. The Jasper county grand jury will meet April 11, to inquire into deaths of eight negroes whose bodies were found in that county.

Reports that the three younger sons of the plantation owner had sought to incite white residents against the negroes by spreading reports that the negroes planned an uprising were investigated again today by the grand jury, which recessed without taking definite action.

Since Williams had been told the grand jury by Floyd Johnson, a white man, that there had been a concerted effort to cause racial trouble and to make it appear negroes killed the men found dead, in the hope of influencing public sentiment in favor of John S. Williams, who denied today and offered to answer questions.

The elder Williams and his three youngest sons have refused to discuss the case since the father issued his first statement after arrest denying the charges, but Dr. Williams, the oldest son, called newspaper men in today and offered to answer questions.

He declared his father and brothers were innocent of the murders and also of the alleged attempt to incite race trouble.

"Are the persons charged against your father and brothers true?" he was asked.

"Well, if they are guilty of poisoning, I am sure they are innocent of the murders and also of the alleged attempt to incite race trouble. It is true they have killed negroes and given them clothes to wear."

### FORMER FRENCH PREMIER TALKS WITH HARDING

[Republican A. P. Leased Wire]  
WASHINGTON, March 30.—Rene Viviani, former premier of France, who is here on a mission of courtesy, was called to the White House late today, after he had presented his credentials as an envoy extraordinary to Secretary Hughes at the state department.

At both the White House and the state department visits, Mr. Viviani was accompanied by Ambassador Jusserand and, according to state department officials, the former premier's visit remains nothing more than "one of courtesy."

It was intimated that Mr. Viviani "called to pay the compliments and utter the good wishes of the president of France to the president," and added that he "expressed the desire of France to continue the friendship between the two republics and expressed gratitude to America for the great things done since the war."

There was also made that President Harding would give a dinner at the White House in honor of Mr. Viviani's visit, April 5.

The conference at the state department lasted one hour and a half and Secretary Hughes called at Mr. Viviani's hotel to return the visit. The only comment Mr. Hughes would make was an expression of his pleasure in receiving the former French premier, who is an old acquaintance.

Mr. Viviani intends to go to Baltimore tomorrow, with Ambassador Jusserand, to attend the funeral of Cardinal Gibbons.

### Mining Engineer Beaten To Death In Sonora, Mexico

[Republican A. P. Leased Wire]  
BISBEE, Ariz., March 30.—John H. Davis, mining manager of Tombstone, is on his way to Mazochim, a village 115 miles south of Cananea, Sonora, Mexico, to take charge of the body of his brother, Edgar Bristol Davis, mining engineer, found several days ago. The condition of the body indicated that Davis had been beaten to death.

Davis had outfitted several weeks ago at Cananea for a mine inspection trip in Southern Sonora. He traveled alone and is said to have several hundred dollars in his possession. Several suspects are reported held by Mexican police in the Uras district, where the murder took place.

### Two Hundred And Sixteen New Recipes

Here is a free recipe book. It tells how to fix 216 different dishes—every one out of a can from the grocer's.

They are authoritative, because they are the result of the study of experts working under the direction of the National Canners' association.

They are widely taught in schools of domestic science, and will keep any woman posted on the latest methods of preparing nourishing and appetizing foods.

Send to our Washington Information Bureau and get this recipe book free. We want to help our women readers with all their everyday problems.

In filling out the coupon print name and address or be sure to write plainly.

Frederic J. Haskin, Director, The Arizona Republican Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of Recipes for Canned Foods.

### NEW YORK CENTRAL MAKES FIRST MOVE TO REDUCE WAGES

[Republican A. P. Leased Wire]  
CHICAGO, March 30.—Provisional reduction of the wages of unskilled labor on the New York Central railroad, to be effective April 1, was asked of the railroad labor board today, immediate relief from the present rates was sought pending a hearing on permanent reduction later and announcement was made that conferences with other classes of labor were in session this week and that reductions in every class of railway employees was being considered.

The case is the first one brought by a carrier and considered in railroad circles, as the first move by trunk lines to cut their pay rolls.

The railroad appeared prepared to submit action this week and that reductions in every class of railway employees was being considered.

After considerable discussion, the board decided to confine the hearing to the question of immediate reductions.

### Courtland-Gleeson Properties Close

[Republican A. P. Leased Wire]  
BISBEE, Ariz., March 30.—All copper mines at Courtland and Gleeson, about 30 miles north of here, have suspended operations for an indefinite period, according to W. T. Young, president of the Great Western Copper company at Courtland.

### Anti-Non-Partisans Discuss Recall Of Dakota's Governor

[Republican A. P. Leased Wire]  
DEVILS LAKE, N. D., March 30.—When persons organized to prevent the state-wide convention of the anti-non-partisans went into session tonight to determine whether to attempt the recall of Governor Frazier and other state officials elected with non-partisan label enforcement.

More than 400 delegates were present. J. E. Davis, who is opposed to a recall election at this time, was chosen permanent chairman and George Shuler, favorable to recall, was named secretary.

Judge B. P. Spaulding outlined the history of the recall movement and said: "Dr. Williams, who was proposed of seven members each from the Independent republicans, the democrats and the independent voters' association had some on record in favor of the recall."

### Slacker Lists Will Be Sent All Posts Of American Legion

[Republican A. P. Leased Wire]  
INDIANAPOLIS, March 30.—Lists of men classified by the war department as draft evaders will be furnished all American legion posts in the United States, beginning about April 1, P. C. Harris, adjutant general of the army, announced to national headquarters of the legion today.

### PERMITTING WIFE TO GO OUT WITH FRIENDS NO ACT OF KINDNESS

CHICAGO, March 30.—Letters which showed that he approved of his wife's going out with his friends, George Guthrie, a 30-year-old man, Western league umpire, from thwarting Mrs. Guthrie's suit for divorce on the grounds of cruelty. A decree was granted and she was granted \$200 alimony.

### Fifty Communists Killed In Battle With Saxon Police

BERLIN, March 30.—Communists lost 50 killed in a battle with the police at Weissensee, Saxony, according to reports.

That the government believes in the danger of a communist rising in Berlin is past is shown by the removal today of the bodies of 50 communists and the reopening of the Wilhelmstrasse to traffic, as well as a reduction in the number of sentries.

The communists have failed to prevail on the Berlin workers to strike. A ballot taken at the works of a General Electric company showed only 1500 of the 9,000 employees in favor of a strike.

### TURKS CAPTURE GREEK DIVISION

CONSTANTINOPLE, March 30.—The capture of the Greek division has been reported by the Greeks fleeing from the city, according to notices posted in Anatolia. The Greeks have made no statement on the report.

### LIUTENANT CONEY DIES

NATCHEZ, Miss., March 30.—Lieutenant W. D. Coney, who was injured last Friday morning near Crossville, La., while attempting a transcontinental flight from Jackson, Fla., to San Diego, Calif., died here late today. The lieutenant's back was broken in a fall and paralysis from the chest down resulted.

### RUSSIAN SAILORS' MEETING

STOCKHOLM, March 30.—An anti-bolshevik mutiny among sailors on the Russian White sea squadron is reported in Helsingfors advices. The mutiny originated, according to the rumor, on the cruiser Tchesma. It reported that the bolsheviks have been forced to withdraw from Archangel.

### WAUGH AND CORDOVA DRAW

ALBUQUERQUE, N. M., March 30.—Bobby Waugh of Fort Worth, Texas, and Benny Cordova of Albuquerque, fought 15 fast rounds to a draw here tonight. The men are lightweight.

### WILL NOT BOTHER IRISH RELIEF

WASHINGTON, March 30.—Charitable organizations constituted on a strictly non-political basis in this country which desire to do "no Irish" spirit with any case of Irish distress will find no unnecessary difficulties in their way, the British embassy said in a communication made public tonight.

### LEWIS DEFEATS TOMMY DRAAK

KANSAS CITY, March 30.—Ed "Strangler" Lewis, heavyweight wrestling champion, defeated Tommy Draak in straight falls, the first in 3 minutes and 48 seconds after the champion had applied three successive headlocks and the second in three minutes and 22 seconds with a body lock.
